

Where Do I Stand?

Development and the Environment

Create ENFORCEABLE bylaws

It is time to stop the violators. Bylaws WITH enforcement provisions must be put in place. Let set the rules and educate developers and property owners.

Protect our environment

Let's be proactive and reuse education and water testing programs that exist in other municipalities. Let's not wait until we have algae filled lakes and health issues.

Roads

Many of our roads are a disgrace. Let's stop talking about improving the roads. It is time to actually do it!

Taxes and increasing Town costs

Launch a review of the town's operations

We have all watched dramatic increases in administrative costs and staff. What we don't know are the root causes and practical ways of addressing the issue. Together with the staff, let's review the town's processes and identify improvements that other municipalities have achieved. Making the work more effective reduces costs and makes the job easier for the staff!

Manage short and long term costs with revenue

We have paid for expert advice. Let's implement the recommendations made by the Town's financial consultant.

Elect Steve Sainsbury Kearney Councillor

What I believe

- All ratepayers are equal and should be treated with respect
- Doing what I say I will do and finishing what I start
- Council is obligated to deliver clear communications. Telling it as it is!
- Council openness and transparency

Democracy in Kearney

Return the mail-in ballot!

ALL property owners have a RIGHT to vote. I will fight to reverse the shameful decision that has resulted in some ratepayers losing their ability to vote and making it extremely difficult for many others to exercise their constitutional right.

Return to evening Council meetings!

Working people and seasonal residents must be given easy access to the Town Council.

Return the public question period!

You should be able to look your elected officials in the eye when you have a concern.

My Volunteer Experience

- Board President for Grass and Loon Lakes Resident Group
 - Developed recommendations for by-law enforcement
 - Worked with the Graphite mine management to set a public meeting to discuss their site Closure plan
- Volunteered for the Wards Ad hoc Review Committee for the Town of Kearney.
- After public input was rejected, co-authored the successful Ontario Municipal Board challenge that resulted in electoral process changes and the reversal of the arbitrary decision made by the Town Council of Kearney.
- Board Chair for an organization dedicated to providing library and study facilities for AIDS orphans in Uganda.

My Work Experience

- Operated my own business before retiring. Specialties:
 - change management
 - designing, implementing and managing internal services
 - implementing organizational changes
- Worked for Northern Telecom for more than 20 years in various management roles culminating as Assistant Vice President Shared Services.

Campaign Donations

Are very appreciated!

Please make cheque payable to:

Steve Sainsbury for Councillor

Mail to Tim Brown Campaign

Fundraising,
